Esports Newsletter, Nov. 2020

Mavericks Esports is Here!

We've been working hard to develop an esports program at Minnesota State University, Mankato, and are excited to bring you [Mavericks Esports!](#) We have three [varsity teams](#) preparing for our debut season in spring 2021; League of Legends, CS:GO, and Rocket League.

Stay tuned for additional fall 2021 titles, and in the meantime, read our top esports updates below!

Esports Training Facility

Located in the IT Solutions Center and equipped with Alienware PCs and Nintendo Switches, this facility officially opened fall 2020 – check out the [ribbon cutting](#). It will be closed over winter break, but you can reserve next spring!

Varsity League of Legends Team Announced!

Varsity League of Legends players have been finalized and are preparing for their first competition in the Riots College League of Legends Conference in spring 2021! Check out the official roster on our [Facebook](#) or [Twitter](#).

[Meet the players >>](#)

Varsity CS:GO Team Coming Soon

Our CS:GO team will debut at the [NACE](#) spring 2021 conference, and CS:GO players have been competing at tryouts this fall. We've been working to find the right team dynamic – stay tuned for the final roster over winter break!

Varsity Rocket League Team Coming Soon

Student interest prompted us to add Rocket League as an additional title to our spring 2021 playing season! Rocket League players have been trying out for spots on the team this fall. Stay tuned for the final roster over winter break!

Mavericks Esports Live Broadcasts

The IT Solutions Video Team hosts a broadcasting studio with specialized video equipment, helping us stream events and tournaments – catch us live on [Twitch](#), [Facebook](#), and [YouTube](#)! Interested in casting? Email us at esports@mnsu.edu.

We're an Official Twitch Partner!

We're excited to bring you quality streams on our verified Twitch channel, [@MinnesotaStateMankato](#). We also look forward to bringing new opportunities through the [Twitch Students](#) program.
